

# 55+ YEARS EXPERIENCE

Meet the CLC's professional teachers online as an alternative means to learn Chinese language progressively and systematically.

Learn Cantonese or Putonghua (Mandarin) in your office, at home or at a place you preferred and not being bothered by location and traffic.

Transcend the national borders and practice with learners of your same interest.

The online courses aim to give all-rounded training in Chinese (Cantonese or Putonghua) with emphasis on oral skill and listening comprehension. They consist of proficiency oriented activities based on useful vocabulary items, daily expressions and a wide variety of patterns. Some reading and writing are also taught in the Putonghua online courses.
